Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I use my 'phone 10 or 15 minutes per month...and adding \$1 to my charges is outrageous. Why are you doing this? What is driving you to screw the low-usage user? Are you all Clinton appointees??? This is just another example of government egregious abuse of the executive privilege of fee and excise taxation without representation. STOP IT!!

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

James E. Hartsel
